Destination	Description	B	L	D
Spa Water World	The Korean spa really reminds of the onsens in Kyoto. I went here with a group of my girlfriends for my birthday and we thoroughly enjoyed soaking in the bade pools, relaxing in the poultice (like steam) rooms, lounging around in the common area, and savoring some Korean food.	X	V	V
Submarine	A submarine is a watercraft capable of independent operation underwater. It differs from a submersible, which has more limited underwater capability.	V	V	V
Teddy Bear Museum	From the earliest antique teddy bears to today's TV favourites, over 100 years of teddy bears are displayed within the Museum that range from early antique bears to modern favourites from all parts of the teddy bear world.	V	V	V
Kimchi DIY	Kimchi (also spelled "kimchee") is a traditional Korean dish that uses the process of fermentation to pickle and preserve fresh vegetables.	V	V	X
